OCCUPATIONAL THERAPY

To Rebuild. To Restore. To Rejuvenate.

Patients receive the most Thorough and Restorative Occupational Therapy on the East Coast.

Our overall goal of our Occupational Therapy approach is to help our patients improve his/her quality of life. Our dedicated and skilled therapists introduce, maintain, and improve skills so that patients can be as independent as possible while maintaining a balanced life.

Living Skills

(bathing, dressing, hygiene and grooming)

Fine Motor Skills

(holding objects, handwriting, reading)

Gross Motor Skills

(walking, climbing stairs, riding a bike)

Core Development

(sitting, posture, or perceptual skills)

Personal Awareness

(self-acceptance, awareness of body in relation to others)

Visual Skills

(conceptualizing, reading, writing)

Range of Motion

(the ability to exercise and move)

Our team of Occupational Therapists work hard to help patients to correct, restore and improve people with the following conditions:

- Shoulder, Hand and Wrist Injury
- Contracture Management
- Post Stroke Management
- Basic ADL's
- Rehabilitative Care
- Arthritis
- Autism
- Dementia & Alzheimer
- Other Special Needs
